Boarding Risk Acknowledgement

**Please DO NOT bring your pet for boarding if they are experiencing a cough that is not related to a medical condition (ex. heart disease). If your pet was diagnosed and being treated for possible kennel cough or any other upper respiratory infection, they must be on medication for a full 7 days and symptom free for 48 hours before they can come into the boarding facility. Please be honest with us, we are doing our very best to keep your furry friends safe.

Boarding:

We do everything we can to ensure safety and cleanliness of our patients during their stay with us. We have strict cleaning protocols with pet safe disinfectants as well as protocols to minimize any potential risks of exposure to infected patients. Again, your pets' safety will always be our top priority.

What happens if your dog becomes sick while boarding?

1. Your pet will be examined by a doctor. If the doctor determines they are contagious they will be moved to an isolated area and treated by a technician.
2. You will be notified immediately by the doctor of the illness and treatment plan.
3. Our medical team will keep you updated on their condition.

Do not hesitate to ask any questions at any time during your pets' stay. We are doing our very best to provide a high standard of care to both you and your pet(s).

I acknowledge there are risks to boarding my pet. By signing below, I accept the risks of boarding and agree to not hold Ridgetowne Animal Clinic liable in the event my pet shows signs of illness. If my pet shows signs of illness, Ridgetowne Animal Clinic will notify me immediately and begin treatment at my expense. I certify that I have provided accurate vaccination records for the boarding pet(s). I also certify that my pet has not exhibited signs of coughing, lethargy, lack of appetite, vomiting or diarrhea in the last 48 hours.
